

Byrne & Associates
Instructional Preparation and Delivery, Part 1
1 Day Training

Synopsis: This professional development is to aid coaches and teachers in the systematic stages of lesson preparation for core and intervention programs. Participants will work side-by-side with Byrne & Associates consultant in order to improve lesson planning and delivery.

Target Audience: Principals, Instructional Coaches, and Classroom teachers

Goals:

1. Develop an analytical, systematic approach to preparation to teach
2. Co-plan to practice structures for instructional preparation
3. Practice delivery in small groups with structured feedback

Outcomes:

- ☐ Clear facets of instructional preparation: pedagogy, student characteristics, scaffolded standards, fidelity, and data as a framework for planning.
- ☐ Processes of delivery and problem-solving.
- ☐ In-class coaching to demonstrate teaching techniques and to provide teacher practice opportunities.
- ☐ Demonstration of best practices for planning and delivering instruction.
- ☐ Identification of next steps for coaching and leadership support.
- ☐ Plan for supporting implementation within coaching cycle at home school.
